"Slowdown in the nation's main economic activities in July 2021, however, brighter economic foresight is anticipated by end of 2021"

Malaysian Economic Statistics Review (MESR) Volume 9/2021 provides a detailed analysis based on Malaysia's recent key economic performance statistics for July 2021. This release is also complemented with two box articles, namely "**Case Study of Domestic Water Consumption Behaviour in Peninsular Malaysia - Before and During Pandemic, 2015 - 2020**" and "**Impact of Movement Control Order (MCO): Perspective of Tourism Related Industries at the State Level**". The former highlights the trend of water consumption by states in Peninsular Malaysia over six years, 2015-2020 while the latter studies the impact of travel restrictions towards the state's tourism-related industries and observes the relationship between the effects of average per capita expenditure by international tourists on tourism-related industries in Sabah and Sarawak.

This MESR will assist users to have the latest information on the economic performance in detail.
