THE CHIEF STATISTICIAN MALAYSIA'S MESSAGE

All praises and thanks to Allah SWT for the success in publishing the **Department of Statistics, Malaysia 70-Years Producer of National Statistics** book. Congratulations to all DOSM members who involve in the publication of this book in conjunction with the 70th anniversary of the Department of Statistics, Malaysia.

This publication is dedicated to honour and reward all the hard work and contributions of DOSM community, including former department officials who have greatly manifested their minds to uphold the glory of DOSM. In the early '60s, in line with the developments during that particular time, DOSM released data on foreign trade and agriculture. As time goes by, DOSM continues to move forward by providing other data covering a wide range of economic and social in an effort to collect, interpret and disseminate key statistics for national socio-economic planning and monitoring. In order to meet the users' demands, DOSM has also released data until to the micro level for more detailed analysis purposes.

By inheriting a strong statistical system from the past leaders and officials, it enabled DOSM to carve out more success. One of it was the 62nd ISI World Statistics Congress 2019 which was attended by 2,500 delegates from all over the world. Thus, DOSM became one of the statistical agencies that is on an equal footing with other advanced international statistical agencies.

In terms of statistical products, among the latest statistics published by DOSM were Quarterly Labour Productivity, Graduates Statistics, Marriage and Divorce Statistics Malaysia, Children Statistics Malaysia, Malaysia Digital Economy, Tourism Satellite Account, Information and Communication Technology Satellite Account and Malaysian Well-Being Index Report. DOSM has also developed data visualisations including MyLocal Stats and BizCode@Stats mobile applications, Malaysia Business Cycle Clock (MBCC) and Malaysia CPI Inflation Calculator.

DOSM continues to expand and improve the National Enterprise Wide Statistical System by developing eQIS (Quality Improvement Survey), MyStatsACE and eGlossary TK. DOSM also introduced the Analytics BootCamp session for the first time. Statistics Data Warehouse (StatsDW) has also been improved with the introduction of eDataBank, Visualisation and Time Series modules, as well as Location Intelligence, StatsDW MyLab and StatsDW Analytics. DOSM also developed the Digitalisation of DOSM Publication Laboratory, known as StatsDigital. In terms of big data analytics, DOSM has developed the STATS BigData Analytics (STATSBDA) project which covers three key elements namely structured data, unstructured data and sentiment analysis. As the outcome of these initiatives, the Trade by Enterprise Characteristic (TEC), Price Intelligence (PI) and Public Maturity Assessment on Official Statistics (PMAOS), Real Time News on Official Statistics (RTOS) and Real Time Business Status (RTBS) initiatives have also been developed.

Malaysia's role in statistics has also expanded. DOSM was appointed as the Chairman for Members of the Bureau, Organization of Islamic Corporation Statistical Commission (OIC-StatCom), Chairman of the Committee on Statistics of the United Nations Economic and Social Commission for Asia and the Pacific (ESCAP) and Co-chair Working Group (WG) on the Development of New Strategic Vision of OIC-StatCom. Recently, DOSM was also appointed as the Panel of Expert for the UN Human Development Index (HDI) and the Panel of Expert Group for the Inter Agency and Expert Group on Sustainable Development Goal Indicators (IAEG-SDGs). This reflects the confidence of the international statistical community to continue giving their trust towards DOSM in performing statistical leadership functions.

DOSM used various communication mediums in disseminating the national official statistics for general public to get information easily. These include releasing publications through hardcopy and free download via e-Statistics which is available on the DOSM portal, using social media such as Facebook (Department of Statistics, Malaysia), Twitter (StatsMalaysia), Instagram (StatsMalaysia) and WhatsApp application.

The Department will continuously taking steps to improve the quality of existing services to meet the users' needs in current dynamic and challenging environment. DOSM will also continue to take initiatives from time to time in order to enhance DOSM's capability to confront the technological explosion of the Fourth Industrial Revolution and the Internet of Things. Recognising these challenges, DOSM has produced nine data scientists in 2018 and will continue to enhance the competencies of Department's officials in this area through comprehensive and structured courses and trainings.

Towards the end of 2019, coronavirus or officially known as COVID-19 hit the globe. In some way, the pandemic boosted the morale and commitment of DOSM community to become the frontliner in providing up-to-date statistics along with comprehensive narrative on the effects of COVID-19. The Government of Malaysia implemented Movement Control Order (MCO) to control the spread of the COVID-19 pandemic. Since the beginning of the MCO, DOSM has published various statistics such as newsletters, special bulletin and news coverage's summary on the impact of COVID-19 to the economy. DOSM also conducted special surveys related to this pandemic and provides business intelligence reports. New information disseminated by DOSM is hoped to benefit all parties to have better understanding on this scenario and take prompt action to reduce the challenges of the pandemic. The outbreak of the COVID-19 has opened the way for DOSM to increase public literacy in statistics. In this regard, DOSM introduced virtual press conference and announced a number of labour-focused statistics. To meet the latest data requirements, foreign trade statistics has been released earlier. In addition, the participation of DOSM community in online conferences has also become a new normal and this has opened up the opportunity for more Department members to participate in the international conferences.

Finally, I believe this book - Department of Statistics, Malaysia 70-Years Producer of National Statistics - will inspire all DOSM community to uphold and promote the DOSM not only in Malaysia but all over the world. Hopefully, all the hard works and commitments will be continued in the future.

DATO' SRI DR. MOHD UZIR MAHIDIN
Chief Statistician Malaysia

Corporate Information

“A man is literally what he thinks,
his character being the complete
sum of all his thoughts”
– James Allen

Corporate Information

Vision

To become a leading statistical organisation internationally by 2020

Mission

Producer of national statistics of integrity and reliability

Slogan

Producer of National Statistics

Role

To increase and broaden its role as the premier agency in the field of statistics towards establishing a quality, user-oriented and timely information system for the formulation of policies for national development planning and administration.

Objectives

- To improve and strengthen statistical services and delivery system;
- To be highly responsive to customer needs in a dynamic and challenging environment;
- To have strong research and analytical capabilities;
- To ensure maximum use of superior technology and statistical methodology;
- To inculcate a culture of innovation in producing and delivering statistical products and services;
- To have competent workforce with high level of professionalism; and
- To broaden the use of statistics among users.

Function of Department

Under the "Statistics Act 1965 (Revised 1989)," the main functions of the Department are:

- To collect and interpret statistics for the purpose of formulation or implementation of government policies in whatever fields as needed by the government or for fulfilling the requirements of trade, commerce, industry, agriculture or others; and
- To disseminate statistics which have been collected or interpretation based on statistics collected, not only to government agencies but also to authorities or persons where the information is useful to them.

Policy on Quality

The Department of Statistics, Malaysia is committed to provide data and statistical services which are user oriented, timely and of quality. This is to be achieved by the use of up-to-date and relevant statistical techniques and technology and by continuously improving the knowledge and skill of the Department's staff at various levels.

Core Values

In realising the DOSM's vision, mission and objectives, all members of DOSM should comprehend and observe the core values as follows:

1

Customers' Satisfaction

Provide friendly and professional services to the users.
Be responsive to customer needs in a dynamic environment.

2

Professionalism

Embrace professionalism in carrying out duties with high commitment, responsibility and persistent as well as wisdom, creative, innovative, competitive, proactive and perform based on the best statistical practices.

3

Competent

Emphasise on competency towards enhancing knowledge and skills to achieve the best quality, acquire various skills to perform multi-tasks, attentive to current changes, be disciplined, spiritual and dedicated to work and continuous learning.

4

Integrity and Accountability

To perform duties with high integrity, sincerity and honesty according to the regulations and work procedures without personal interest, ensure the confidentiality of respondent's individual information and be responsible.

5

Esprit De Corps

Involvement of all the staff as a team.

6

Good Conduct and Credibility

Observe good values such as being just and fair, tolerance, friendly, patience, firm and consistent in decision making, adaptable to all situations, able to listen to comments and criticisms and always have good personalities and courteous.

Client's Charter

DOSM is committed to provide statistical services that are timely, reliable and of integrity by:

- 1 Ensuring the statistics are disseminated and available for on-line access simultaneously as specified in the Advanced Release Calendar - ARC.
- 2 Ensuring the eStatistik facility is accessible 24 hours daily.
- 3 Ensuring data requests are prepared within the specified time frame subject to data availability and complexity of the requests:
 - Published data as in the publications and portal will be prepared within 1 to 2 working days;
 - Unpublished data that has to be extracted and tabulated will be prepared within 3 to 5 working days;
 - Data that requires calculation, compilation and processing will be prepared within 2 to 10 days; or
 - Complex data will be prepared within the period not exceeding 30 working days.

DOSM is always attentive to the relationship with its customers in delivering statistical services and ensure that:

- 1 For counter services, customer will be served within 10 minutes of arrival; and
- 2 Enquiry, feedback and complaint received will be attended to within 7 working days.

Statistics, Bloom in Harmony

Doesn't matter far or near
Strength in numbers we don't
live in fear
Birds of feather flock together
Statistics our form of ardour
We, will always live it up

So let us live in solidarity
And in the world arena we'll succeed
It is statistics that will come to be
The reason we will bloom in harmony

Everybody undivided
Data's where our hearts reside in
There will always be a bind
Just like fire that ignites

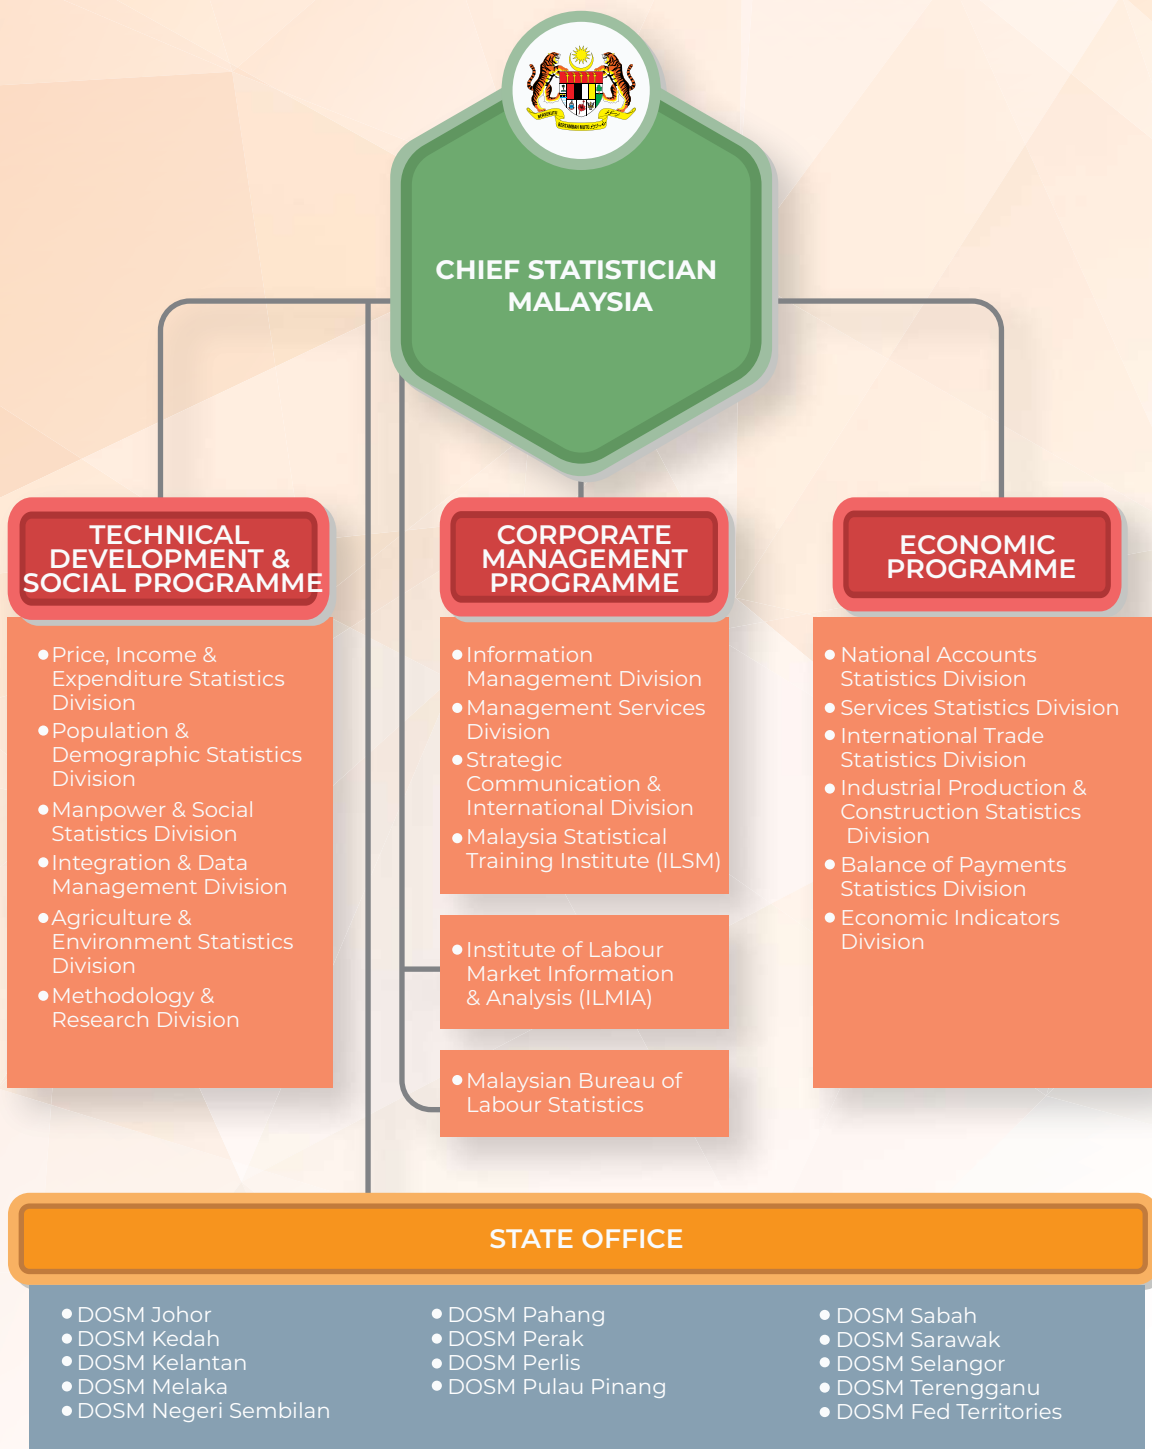

That's how brightly lit our dreams are
We'll reach higher than the stars
Sending love to one another
Leaving no one in a slumber

We will stand with unity
Mustering our courage while
Embracing our disparities
We'll achieve our victory

One dream with unity
One love with harmony

60 Years in Memories

60 Years in Memories

The Department in 7 Decades

Year

1949

Under the Statistics Ordinance 1949, the Statistics Section in both the Central Trade Registry and Department of Agriculture were merged to become the Bureau of Statistics. The Bureau, headed by the Registrar of Statistics, was responsible for the collection. Preparation and publication of statistics were supported by the ordinance. One section in the Department of Agriculture was established to collect data on production of crops in estate.

Year

1930

External Trade Statistics was compiled by the Customs Department for the three regions known as Federated Malay States, Unfederated Malay States and the Straits Settlements. At that time, the Headquarters of the Customs Department was in Singapore. For the states in Borneo, external trade data was compiled by the British Government which was under the control of the Colony of North Borneo.

Post World War II

The Central Trade Registry was established with its Headquarters in Brickfields, Kuala Lumpur under the Customs Ordinance to compile data on external trade.

One section in the Department of Agriculture was established to collect data on production of crops in estate.

Year

1960

A committee was appointed on 5 March 1960 by the Federal Government to consider and recommend the future development of statistical services in the Government. This committee was chaired by Y.M. Raja Tan Sri Mohar bin Raja Badiozaman. This was the first time that such a study was conducted and the recommendations of the committee formed the basis for the future development of statistical services.

Year
1963

After the establishment of Malaysia in 1963, Federation of Malaya, Sabah and Sarawak were integrated that brought to the integration of statistical service as well.

Year
1965

LAWS OF MALAYSIA

Act 415

STATISTICS ACT 1965

ARRANGEMENT OF SECTIONS

The Statistics Act 1965 was passed by the Parliament and the Statistics Ordinance 1949 was repealed. Under this Act, the Bureau of Statistics was to be known as the Department of Statistics. The new act was more comprehensive and it further strengthened the authority of the Department to collect statistics.

The Bureau of Statistics Sarawak and the Department of Statistics, Sabah became branches of the Department of Statistics, Malaysia.

The Headquarters comprises 12 divisions as follows:

- Administration Division
- Coordination Division
- Data Processing Division
- Industry Division
- National Income Division
- Trade Division
- Sample and Field Operation Division
- Household Survey Division
- Income and Prices Division
- Agriculture Survey Division
- Population and Demography Division
- Analysis Division

60 Years in Memories

The Department in 7 Decades

At the same time, the first Regional Field Centre (RFC) was Field Centre Unit 1 (FC1) which covered the districts of Petaling Jaya, Klang, Banting, Sepang, Seremban, Port Dickson and Jelebu. Meanwhile, Field Centre Unit 2 (FC2) covered Kuala Lumpur, Tanjung Malim, Sabak Bernam, Kuala Selangor, Bentong, Raub and Lipis.

Year
1968

Operational Centre (OC) for the first group which comprised OC Tawau and Sandakan of Sabah Branch were set up. The objectives of the OC were to strengthen and improve the system of data collection at state level.

Year
1970

The Headquarters in Brickfields was relocated to 'Wisma Statistik,' Jalan Young Cenderasari, Kuala Lumpur.

The establishment of PO Miri and Sibu, Sarawak Branch.

60 Years in Memories

The Department in 7 Decades

Year
1971-
1972

With the increased work load, RFCs were established in Kuala Lumpur, Georgetown and Ipoh to increase the efficiency in data collection in the states concerned.

RFCs were established in Kuantan, Johor Bahru and Kota Bharu. RFC Kuantan covered the major part of Pahang (except West Pahang) and part of Terengganu. RFC Johor Bahru covered Johor, Melaka and part of Negeri Sembilan while RFC Kota Bharu covered Kelantan and part of Terengganu.

Year
1973

The establishment of OC Sarikei, Sarawak Branch.

Year
1974-
1975

RFC Alor Setar, Melaka and Kuala Terengganu was established. RFC Melaka covered Melaka State and the districts of Rembau, Tampin, Kuala Pilah, Muar, Segamat and Batu Pahat. RFC Alor Setar covered Perlis while RFC Ipoh covered Cameron Highlands. RFC Kuala Terengganu covered the State of Terengganu.

Year
1975

Cadre officer was attached to the Department of Agriculture to assist in statistical work.

Year
1976

The establishment of OC Sri Aman, Sarawak Branch.

60 Years in Memories

The Department in 7 Decades

Year
1977

The establishment of OC Limbang, Sarawak Branch.

Year
1978

The establishment of OC Bintulu, Sarawak Branch.

Year
1982

The establishment of the last RFC in Seremban to cover the State of Negeri Sembilan.

Year
1983

All RFCs were upgraded to State Branch Offices led by the Head of Branch.

Year
1988

The Department's first Corporate Plan for the period 1988-1992 was drawn up.

Year
1989

Following the Corporate Plan, DOSM was restructured into four main sectors:

Economic Development Sector

- Primary Industries Division
- Industries and Services Division
- Enterprise Statistics and Prices Division
- External Trade and Balance of Payments Division
- National Account Division

Common User Services Sector

- General Management Division
- Computer Services Division

Support Services Sector

- Communications and Operations Division
- Statistical Development Division

Human Resources Division

- Demography Division
- Socio-Economic Development Division

60 Years in Memories

The Department in 7 Decades

Year
1990

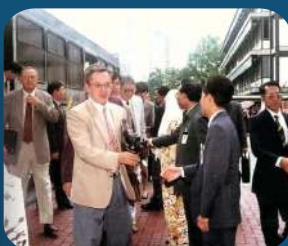

OC Kulim of Kedah Branch, OC Taiping of Perak Branch and OC Muar of Johor Branch were established.

Year
1995

OC Sungai Petani of Kedah Branch was established to replace OC Kulim.

Year
1996

Updating of information on establishments using the Central Registry System (SIDAP) which was managed by the Industries Division was extended to the Branch Offices.

Year
1993

The objectives outlined in the Second Corporate Plan 1993-1997 were implemented to enhance strategic management. Thus, the divisions in the Headquarters were restructured as follow:

- National Accounts Divisions was split into two divisions, National Accounts Divisions and Economic Indicators Divisions;
- Socio-Economic Development Division became Household Income and Expenditure Division and Manpower and Social Division;
- Demography Division was split into two divisions, Population and Housing Census Division and Demographic Division;
- External Trade and Balance of Payment Divisions was split into External Trade Division and Balance of Payments Division; and
- Industries and Services Division was split into Industries Division and Services Division.

Year
2001

The Branch Office was renamed as Department of Statistics State Office and headed by a Director, while the Operational Centre known as Operation Office and led by the Head of Operation Office.

The Headquarters at Wisma Statistik, Jalan Cenderasari Kuala Lumpur was relocated to the Federal Government Administrative Centre, Putrajaya.

The Environment Statistics Unit of Statistical Development Division was upgraded to Environment Statistics Section.

Year
2005

The implementation of the third Corporate Plan 2005-2009.

Year
2006

Approval for the setting up of the Malaysia Statistical Training Institute (ILSM) under the Ninth Malaysia Plan.

60 Years in Memories

The Department in 7 Decades

Year
2003

Following the approval of the restructuring plan by the Public Services Department in 2002, the Department was restructured as follows:

- Establishment of Perlis State Office;
- Establishment of OC Kluang of Johor State Office, OC Teluk Intan of Perak State Office, OC Seberang Prai of Pulau Pinang State Office, OC Bentong of Pahang State Office, OC Labuan and OC Keningau of Sabah State Office;
- Communications and Operations Division was renamed as Corporate and User Services Division;
- Establishments of a new division, the Research and Development Division;
- Statistical Training Division replaced Statistical Development Division;
- Prices Division was combined with Household Income and Expenditure Division to become Prices, Income and Expenditure Statistics Division;
- Industries Division and Primary Industries Division were combined and known as Industrial Production and Construction Statistics Division; and
- Environment Statistics Section was upgraded to Environment Statistics Division.

60 Years in Memories

The Department in 7 Decades

Year
2007

The second restructuring plan was approved by Public Service Department.

The existing organisational structure (four sectors) of the Headquarters established in 1989 was restructured to become three main programmes:

Management/ Coordination Services Programme

- Management and Human Resources Division
- Information Technology Division
- Data Coordination Division
- Corporate and User Services Division
- Statistical Training Division
- Methodology Division

Social/ Demographic Programme

- Prices, Income and Expenditure Statistics Division
- Population and Housing Census Statistics Division
- Demographic Statistics Division
- Manpower and Social Statistics Division
- Agriculture and Agro-Based Statistics Division
- Environment Statistics Division

Economic Programme

- Services Statistics Division
- National Accounts Statistics Division
- Industrial Production and Construction Statistics Division
- Balance of Payments Statistics Division
- External Trade Statistics Division
- Economic Indicators Division

The Data Coordination Division was established to coordinate the development of integrated database to support the delivery system of the Department, the activities of State Offices and cadre service.

The Agriculture Section under the Industrial Production and Construction Statistics Division was upgraded to become Agriculture and Agro-based Statistics Division. The Division is entrusted to collect comprehensive data on agriculture.

Approval for 10 new OCs in Langkawi, Kajang, Gombak, Putrajaya, Besut, Kerteh, Kuala Krai, Kapit, Lahad Datu, and Kota Marudu, giving a total of 28 OCs.

The administration of OC Labuan which was previously managed by DOSM Sabah came under the purview of the Department of Statistics Federal Territories.

Role of DOSM in handling COVID-19 Crisis

The world was startled by the COVID-19 pandemic which directly affect the daily life pattern of all walks of life. Considering these challenging current scenario and the need for economic and social data for planning and monitoring purposes, DOSM is constantly striving to fulfill its responsibilities as the Producer of National Statistics.

DOSM is a member of Technical Committee of the Economic Action Council (EAC). EAC plays a role in identifying current economic issues and taking action in ensuring the economy to remain sustainable. Besides to minimise the impact to the global economic uncertainty, EAC also plays a role in drafting short-term and medium-term action plan to stimulate economic growth, boost foreign and domestic investment and ensure socio-economic development for the well-being of the people.

Empowerment of Agency

“Life is like riding a bicycle.
To keep your balance
you must keep moving”
– Albert Einstein

Dynamic and complex statistical demands have required DOSM to develop strategies to adapt the changes in the current environment. Hence, DOSM always emphasises in strengthening of the agency in line with the nation's vision and expanding global statistics. DOSM has implemented:-

1. Restructuring of Department
2. Opening of Operational Offices
3. Rebranding of Divisions
4. Formulation of Department's Strategic Plan 2010-2014
5. Formulation of Department's Transformation Plan 2015-2020
6. Establishment of Malaysia Statistical Training Institute
7. Malaysian Bureau Labour Statistics (MBLS)
8. The placement of the Institute of Labor Market Information and Analysis (ILMIA) under DOSM

Transformation & Innovation

“Your future life will be exactly
what you decide to make it”
– Dr. Forrest C. Shaklee

In realising the implementation of the public sector e-Government, DOSM is committed in modernising the systems and processes of statistical compilation so that it can be systematically implemented and in line with international best practices. In this era of transformation, DOSM is the leading agency focal point in providing statistics and in shaping national development planning and charting its achievement.

Dissemination &

Outreach

“Learning does not make one learned: there are those who have knowledge and those who have understanding. The first requires memory and the second philosophy”
– Alexandre Dumas, The Count of Monte Cristo

DOSM is responsible in collecting, interpreting and disseminating timely and up-to-date statistics to support the government's efforts in the policy planning and socio-economic development of the country.

To perform its functions, DOSM applies various mediums of communication in hardcopy and electronic forms to disseminate official statistics to the general public. This include printed publications and free download online through e-Statistics on the DOSM's portal, usage of social media such as Facebook, Twitter, Instagram, YouTube and mobile applications namely MyLocal Stats and Bizcode@Stats. In addition, the importance of statistics is also extended to the general public through WhatsApp applications and e-mails to targeted groups such as Ministers, Deputy Ministers, Head of Departments and agencies as well as school principals across the country.

Department of Statistics,
Malaysia

StatsMalaysia

International Relations

“Knowing is not enough;
we must apply. Willing is
not enough; we must do”
– Johann wolfgang von Goethe

For DOSM to keep relevant and able to help other countries in statistical field, strong relationship with regional and international statistical bodies is the key.

DOSM actively participates in meetings and programmes held at the international level. Among others are meeting organised by the United Nations Statistics Division (UNSD), Organisation of Islamic Countries (OIC), The United Nations Economic and Social Commission for Asia and the Pacific (UNESCAP), United Nations Development Programme (UNDP), United Nations Statistical Institute for Asia and the Pacific (UNSIAP), Association of South East Asian Nation (ASEAN), and other international statistical communities, which are the International Statistical Institute (ISI) and the International Association of Official Statistics (IAOS).

- The award was presented by President of Congress of Unions of Employees in the Public and Civil Services (CUEPACS), Adnan Mat for his achievements and contribution

Ketua Perangkawan dianugerah Tokoh Hari Pekerja CUEPACS

Putrajaya: Ketua Perangkawan, Datuk Seri Mohd Uzir Mahidin dipilih sebagai penerima Anugerah Tokoh Hari Pekerja, Kongres Kesatuan Pekerja-Pekerja dalam Perkhidmatan Awam (CUEPACS) tahun ini.

Pemilihan itu atas pencapaian dan kejayaan beliau sepanjang meneraju dan berkhidmat di jabatan itu sejak 1991.

Anugerah disampaikan Presiden CUEPACS, Adnan Mat kepada Mohd Uzir pada majlis yang berlangsung di Jabatan Perangkaan di sini, semalam.

Adnan berkata, sambutan Hari Pekerja tahun ini mencipta sejarah khususnya buat tenaga kerja Malaysia kerana disambut dengan normal baharu ketika negara sedang berjuang memerangi wabak Covid-19.

Katanya, sambutan tahun ini tidak membabitkan perhimpunan ramai, sebaliknya diadakan di rumah masing-masing melalui laman Facebook bagi mematuhi Perintah Kawalan Pergerakan (PKP).

Beliau berkata, pemilihan Mohd Uzir itu adalah berdasarkan kejayaan beliau merakamkan data statistik bagi membolehkan rakyat memahami dengan lebih mudah.

"Setiap data statistik yang dikeluarkan menjadi pusat rujukan dalam penyusunan statistik rasmi dan mendapat pengiktirafan

Adnan (kanan) menyampaikan anugerah kepada Mohd Uzir di Putrajaya, semalam.

(Foto BERNAMA)

dari dalam dan luar negara," katanya kepada media selepas menyampaikan Anugerah Tokoh Hari Pekerja CUEPACS di sini.

Terdahulu, bertemakan 'Pekerja Tunjang Kelestarian Negara', CUEPACS turut menyampaikan Anugerah Majikan Prihatin kepada Jabatan Bomba dan Penyelamat Malaysia (JBPM) di balai bomba Putrajaya.

Anugerah disampaikan Adnan kepada Ketua Pengarah Jabatan Bomba dan Penyelamat Malaysia (JBPM), Datuk Mohammad Hamdan Wahid.

Mohd Uzir berkata, pihaknya mengucapkan terima kasih kepada CUEPACS atas pemilihan itu dan menyifatkan sebagai pengiktirafan tertinggi kepada Jabatan Perangkaan Malaysia.

Katanya, komitmen dan kerjasama diberikan kakitangan juga amat dihargai dalam membantu memajukan negara yang memerlukan perancangan yang teliti dan terbaik.

"Anugerah ini suatu pengiktirafan besar kepada jabatan dan pihak kami akan terus berusaha memberi perkhidmatan yang baik kepada negara," katanya.

'Klasik' Alumni

“Knowledge grows exponentially.
The more we know, the greater
our ability to learn, and
the faster we expand our
knowledge base”
– Hamka

Statistics Alumni (KLASIK)

Date of Establishment: 6 July 2019

Members: Retirees of statistical schemes and other service schemes who have served in DOSM

Objective: Established as representative in organising social programmes and welfare of its members. It is also a platform for pensioners to share their knowledge and statistical expertise (Tacit Knowledge Transfer) to DOSM community and the general public
